- 197,712,302 rubles payable to the tax authorities and non-budgetary social welfare funds;
  - 2,122,519,993.19 rubles payable to other creditors.

Annex 1 hereto is a list of the identified creditors of VANADI Mine and Mill of Kachkanar Open Joint Stock Company.

An Agreement No. 3/U-222 on pledge of warehouse inventory, dated 06/10/99, was entered into with the Russian Federation Savings Bank. The pledged property consisted of pellets and agglomerate. The pledge secured a certain loan agreement with LENEX LLC, with a repayment date of 12/10/99.

There exist no other pledge agreements with creditors; promissory notes were issued to certain creditors (duly recorded in relevant Acts of Transfer and Acceptance) under the following agreements:

Joint Activity Agreement No. 205, dated 1997, with ABC Invest CJSC;

Agreement No. 54-U, dated 08/08/97, with Nikamet LLC; Agreement No. 10/12, dated 12/19/97, with Energy Finance Company CJSC.

Some obligations under the above listed agreements remained outstanding as of 03/24/2000; however, the affected creditors have not yet exercised their right to redeem the promissory notes involved. Therefore, the creditors so secured could qualify as creditors with unasserted claims.

The Company's accounting records correctly reflect this amount in off-balance-sheet account No. 009, Security against obligations, payments made, which serves as the basis for an annotation made in Form No. 5, Attachment to Balance Sheet and an explanatory note to

Line 400, Pledged Assets.

Attachment 2 lists the company's tax and social welfare fund arrears, less late payment fees and penalty interest, as per the following accounts:

No. 67, Settlements with non-budgetary social welfare funds;

No. 68, Settlements with the budget;

No. 69, Statutory social welfare and social security insurance contributions.

The amount of debt arising from contractual relationships with other legal entities has been determined based upon figures from the following accounts:

60-1, Payments for materials received;

60-2, Payments to contractors and institutes in the Capital Construction Directorate:

60-3, Payments for services rendered;

76-3, Settlement of reciprocal obligations;

65, Insurance payments;

75, Dividend payments;

90, Short-term commercial credits;

94, Short-term loans.

Account 65 shows that the Company owes insurance premiums to the insurance company Kamennyj Poyas, in the amount of 1,180,278.15 rubles, under two separate voluntary medical insurance agreements, one unnumbered dated 03/31/1999, and agreement No. 29, dated 09/01/1999.

As of 03/24/2000, account 75 showed no "dividends earned but not paid to legal entities."

Account 90, Short-term commercial credits, showed outstanding debts to two banks:

Urals Bank for Reconstruction and Development: 30,170,925 rubles (Agreement No.

04-09-104, dated March 16, 2000, repayment date 03/31/2000);

Yuta Bank: 407 rubles (1995 loan agreement).

Account 94, Short-term loans, showed the following creditors, including two foreign companies which provided loans in foreign currency:

Filed 03/31/2005

There are two creditors on ruble-denominated loans:

Lenex LLC: 132,335,660 rubles, under Agreement No. 10-99/3, dated 12/20/99, repayment date 03/20/99 [sic].

Poliprom LLC, 137,170,380 rubles, under Assignment Agreement No. 18-99/UP dated 12/09/99. Poliprom LLC is the assignee of collection rights under a loan agreement No. 08-99/3, June, 1999, originally entered into by and between the Company and Lenex LLC.

Attachment 3 hereto is a separate listing of companies and organizations who hold promissory notes issued by Vanadi Mine and Mill OJSC, but which had not presented their notes for redemption as of the date of this report (03/24/2000), and/or whose notes had not yet come due.

The company's outstanding debt amount of 2,446,881,295.19 rubles is corroborated by relevant contracts, and is reflected in appropriate transaction records and accounting ledgers.
